

The P-series are variable volume Pipettes, designed with a comfortable and ergonomic handgrip. The Volume setting is simple and precise thanks to a smooth piston movement, for a comfortable use. Accidental volume settings are avoided through a protection system. The tip ejection is simple and quick through the tip ejection button for easy and quick operations.

Product	Model	Specifications		
Pipettes	P2	0.1 - 2 μ l	\pm 12.0 - 1.5%	\leq 6.00 - 0.70%
